Department of Pathology
JIPMER

Sub: Telemedicine – Video Conferencing CGR Session between JIPMER and SGPGI, Lucknow on 19th January 2019 at 8:00 to 9:00 AM - Reg.

This is to inform you that there will be Video Conferencing CGR Session will be held.

Date/Time : 19/01/2019 (Saturday) at 8:00 to 9:00 AM

Topic : 'Histopathological Spectrum of Temporal Lobe Epilepsy'

Summary : Epilepsy is a common neurological disorder and approximately one fourth of patients have inadequate seizure control with drug therapy. Epilepsy surgery in intractable focal epilepsy reduces significantly the morbidity and mortality. On histopathology, a wide range of lesions from non-neoplastic to low-grade tumors have been found in the resected brain tissue obtained during epilepsy surgery. Neuropathological information on the structural lesions underlying seizures is valuable in understanding drug resistant focal epilepsy. Some representative cases from the specimens of temporal lobectomy with amygdal hippocampectomy will be presented.

Between : SGPGIMS, Lucknow – KEM, Mumbai - SRMC, Chennai - IGMCI Shimla, AIMS Kochi, CMC, Vellore - Hindalco Hospital, Renukoot. UP – JIPMER, Puducherry.

Venue : Telemedicine Centre, Dept. of Plastic Surgery, 4th Floor, SS Block
